Practicing rules of the University of Music and Performing Arts Munich (Gasteig)

- In general, the following applies:
  - The stay in the university building is to be limited to what is absolutely necessary.
  - It is only permitted to enter the university building immediately before a practice unit.
  - After the practice unit the student must leave the university building immediately.
- Hands must be washed and disinfected before entering a practice room.
- Only one person is allowed in a practice room.
- **The windows have to be closed during the practice unit.**
- For reasons of infection protection, it is urgently requested to refrain from using a mobile phone during a practice unit.
- The practice time is limited to three hours per day.
- Before each and every practice unit on an upright or grand piano, the keyboard must be cleaned by the house staff. Practice must not be started before cleaning.
- Percussion students may only practice with their own drumsticks/mallets.
- Students must always use their own mouthpiece for wind instruments owned by the university.
- It is strongly recommended to wear a mouth-nose-cover in the practice-rooms, unless it is not possible due to the concrete practice situation (e.g. when practicing wind instruments).
- After the end of each and every practice unit, the rooms should be ventilated for 15 minutes.

Violations of these practicing rules will result in the immediate withdrawal of the practice permit.
